

A memorable event

By GRETTA and AL SMITH, Palm Coast
June 8, 2011

We are two of the 103 World War II veterans who were treated to an unforgettable day in our nation's capital on May 14.

The World War II Memorial was a sight to behold! The placement, at one end of the Lincoln Memorial Reflecting Pool, made us stare in awe.

Another not-to-be-forgotten moment was standing at attention at the changing of the guard and the placement of a wreath at the Tomb of the Unknowns.

Our sincere thanks to the Volusia Honor Air project, the many local organizations involved and the guardians who were assigned to veterans for the entire day. We were so well attended to!
