They came from New York and California, from Montana and Texas, from Oregon and Florida and everywhere in between. On December 7, 1941 the Japanese attacked Pearl Harbor, forever changing the lives of these young men and women. From the Beaches of Normandy to the Sands of Iwo Jima, the brave men and women of the armed forces of the United States fought to save the world and their country from the tyrants of Germany and Japan. Over 16 million served, more than 400,000 never came home. On May 29, 2004 the World War II Memorial was dedicated in their honor in Washington, DC.

Volusia Honor Air wants to recognize America's World War II Veterans for their sacrifices and achievements by flying them to Washington DC to see THEIR memorial at **no cost** to the Veteran. In order to do this, we need your help. Your **tax-deductible** donation can help make this dream a reality. *Please take a moment to consider the debt of gratitude that we owe to these Veterans. Everything good that we have in our lives today is a direct result of the sacrifices that they made. Without their efforts, the world would be a much different place today.*

For as little as \$500 you can send a Veteran to visit their Memorial. Volunteers are also needed to make the trip, providing assistance and helping the veterans have a safe, memorable and rewarding experience. Volunteer Guardians who make the trip are expected to pay \$500 to cover their own travel expenses. Additional volunteers are needed to assist in planning and organizing the trip, seeing the Veterans off and greeting them on their return to Daytona.

For further information on the **Volusia Honor Air** program or to obtain a Veteran or Volunteer Application, please contact us at :
